

History and Goals of Heritage Preschool

Heritage Preschool was started in January, 1981, by The Christian Church of Midland. The Christian Church of Midland is a non-denominational Christian Church which provides ministry and services to the community. Heritage Preschool was begun as an outreach to the families of the Permian Basin to offer a Christian-based school for preschool age children. Our overall goal is two-fold:

1) to provide a warm, friendly Christian environment for young children to learn and grow, and

2) for the children to be Kindergarten-ready when they graduate from Heritage. Some of our specific goals are:

- * Make each child's school experience a positive one.
- * Encourage sharing and cooperation
- * Encourage each child to work well independently and in groups
- * Provide experiences with books, audio-visuals and other library materials
- * Introduce letters, numbers, colors, shapes, cutting, as well as, other pre-K skills
- * Foster frequent communication between parents and teachers about each child's overall development
